

# Dr. Erich's West Coast Bio-Topical™

## Anti-Aging Crèmes (Ingredients & Directions)

**Ingredients:** Purified Water, Coco Caprylate/Caprate, Cetearyl Glucoside, 5% Homeopathic Testosterone in 10x, 30x and 100x potencies, Somatropin in 10x, 30x and 100x potencies, IGF-1 30x and Pituitary Extract 30x, Liposome Delivery System, Proprietary Herbal Formulation (Tribulus Terrestris, Mucuna Pruriens and Saw Palmetto), EFA Oils, 1% DHEA, Beta Sitosterol, Chrysin, Diindolylmethane, Capryloyl Glycyl/Undecylenoyl Glycyl, Potassium Sorbate, Herbal Complex of Calamintha, Oregano, Thyme, Cinnamon, Rosemary, Lavender and Goldenseal.

**Cautions:** May cause frequent erections, masculinity and lower body fat. Not a lubricant. Women must not use during pregnancy or lactation. As with any product, in case of rash, discontinue use.

**Directions:** Not for oral consumption. Apply crème to dry clean skin with the least amount of hair (behind the legs, inner arms, lats, upper chest, shoulders or neck). Apply 1/2 teaspoon or more daily. Apply 1 or 2 teaspoons crème 30 minutes before exercise or sexual activity. Both directions may be applied the same day.

The product contains large amounts of high quality herbal extracts that may alter the product color and vary the color from batch to batch. This in no way affects the potency or quality of the product.

### West Coast Bio-Topical™ Testosterone/DHEA Crème

100% All-Natural

4 oz/120 ml

No  
Parabens

Testosterone is required for a strong libido, regulating fat, maintaining a good muscle mass, increased energy, good bone density, regulating blood sugar, regulating blood pressure and preventing depression. After the age of 25, the testosterone levels in men begin declining at an average of 1.25% per year resulting in sexual organ shrinkage, fat deposits, heart disease, loss of memory, loss of muscle mass as well as a decrease in libido.

This specific formula of 5% testosterone crème includes Homeopathic ingredients combined with triple strength herbal extracts and 1% DHEA for the most powerful synergistic complex available in this concentration.

Consult with a health professional if necessary before use. No animal testing.

**The FDA has not evaluated these statements. Products are not intended to diagnose, treat, cure or prevent disease.**

### West Coast Bio-Topical™ HGH Crème

100% All-Natural

4 oz/120 ml

No  
Parabens

HGH (Somatropin) is secreted by the pituitary gland, affecting almost every living tissue and is directly responsible for stimulating tissue repair, cell replacement and brain function. HGH promotes the burning of fat while increasing muscle mass, restoring skin thickness, elasticity, smoothing wrinkles, rejuvenating hair, promoting deeper sleep, improving sexual performance and pleasure. HGH levels are extremely high in our youth keeping us energetic and healthy. By age 60, HGH levels have decreased 80% from the levels at age 20.

5% HGH Crème includes Homeopathic ingredients combined with triple strength herbal extracts for the most powerful synergistic complex available.

Consult with a health professional if necessary before use. No animal testing. Not for oral consumption. Not to be used during pregnancy or lactation. As with any product, in case of rash, discontinue use immediately.

Progesterone works along side Estrogen. This is 2% Micronized All-Natural Progesterone Crème. This crème works alongside estrogen, cleaning up the female super-hormone's messes; relieving PMS, protecting from benign growths and preventing blood clots, all while going unrecognized. Progesterone is a woman's lifesaver; with it, she can avoid a lot of trouble.
